## TRAINING INFORMATION

At Brammer Farms LLC, we understand how important it is for your pet to be well behaved and enjoyable to be around! We offer a variety of training options to meet you and your pets individual needs. We understand every dog is different in how they process and learn so we offer a balanced training program using a variety of training methods depending on what works best for your pet. We believe in positive reinforcement through praise and treats to help teach your pet what's wanted of them. We train using prong training collars for leash work and e-collars for off-leash training work. These items are included in the cost of training and will be yours to take home and continue using with your pet. We will ensure you and your pet both know how to use these tools safely and appropriately before you take your pet home. These training tools are often misunderstood, however when used CORRECTLY they are not harsh at all. The dog is always in control of the pressure and level of correction given. E-collars are often incorrectly referred to as "shock" collars when in reality the "shock" or static function is rarely used. These collars also have a beep and vibration mode and are an excellent communication tool for you and your pet. Some dogs never even require a static correction and are quite responsive to just beep and vibration while others can be a bit more stubborn. We work up to find the lowest level of static correction that elicits a response from your dog and that is our working level. E-collars are effective training/communication tools and provide peace of mind, protection and off-leash control for your pet which is imperative for your dogs well-being!

### *14Day/21 Day Board and Train (Leash and E-collar)*

*\$1599 - 14 day program*

*\$2199 - 21 day program*

This program is recommended for dogs 6 months of age and older. This program includes either 14 days or 21 days of boarding/training, two individual sessions with you and your pet during their stay. We continue to be available for questions and support after your pet returns home. Price includes an E-collar Technologies EZ-900 Training Collar for off leash work (\$219 value), comfort pads and a quick snap/bungee collar accessories (\$65 value) and a training prong collar for leash work (\$20 value). We focus on basic obedience including sit, lay down, stay, place, wait and come as well as good manners when greeting people and in public. Training includes sessions here at the farm as well as field trips to public places such as Lowe's, Tractor Supply, etc. The training fundamentals your dog will learn while with us can be easily used to correct new or different behaviors that may present at home or other places after training is complete.

## *One-week Board and Train - Beginner Boot Camp*

*\$650*

This program is for puppies ages 16 weeks and older and focuses on the fundamentals of leash work and basic training. This program does NOT include e-collar training but will build the groundwork for the dog to be ready for e-collar training should you decide to do that later. During boot camp, your puppy will learn basic obedience commands such as come, sit, lay down, place and how to walk quietly on a leash. We will also work to address “good manners” and get your puppy started off on the right track. This program includes one session with the owner at the end of the week as well as on-going support after your puppy goes home. Training includes sessions here at the farm as well as one field trip to a public place such as Lowe’s, Tractor Supply, etc. This price of this program includes your dog’s training prong collar which will go home with you after training.

## *One-week Board and Train - Intermediate Boot Camp*

*\$950*

This program is for puppies 6 months or older who have completed basic obedience training and can readily exhibit basic commands on-leash. This training focuses primarily on e-collar basics and to transition your dog over to responding to an e-collar in addition to leash work. Training includes sessions here at the farm as well as field trips to public places such as Lowe’s, Tractor Supply, etc. The training fundamentals your dog will learn while with us can be easily used to correct new or different behaviors that may present at home or other places after training is complete. Dogs who did not complete their basic obedience training with us must complete an assessment prior to being accepted for this program. The price of this program includes an E-collar Technologies EZ-900 E-collar, comfort pads and quick-snap/bungee collar accessories.

## *Daycare Play & Train*

*\$50/day*

Add on a 30 minute session with a trainer to any daycare visit. We can work with your pet on basic obedience skills during their session or we can address a specific issue the owner may be experiencing with their pet. This program is intended to be used as a time for refresher work with already trained dogs or to address minor training issues the owner may be experiencing at home. This rate includes up to 12 hours of daycare and a 30 minute training session as well as a recap with the owner of what the dog worked on. Additional cost may include the \$220 for Remote Training Collar, \$65 comfort pads/quick snap/bungee collar accessories, \$20 prong training collar depending on your dogs needs.

## *Private Individual Training Sessions*

*Initial Consultation - 60 to 75 minutes - \$95*

*Training Session - 60 min - \$65*

In some situations, the owner and pet may benefit from individual sessions to learn how to address a particular issue or problem. These sessions would be appropriate for new puppy owners as well as older dogs. For individual training sessions with you and your pet, the first consultation session is \$95 and each additional session is \$65. We will work with you and your pet to address any issues or problems you may be facing. Depending on your pet's training needs, only one session may be required or you may need multiple sessions to successfully meet your goals. This option requires time and commitment to training on the owner's part.
